Re: Account Number: [REDACTED]
Unit Number: [REDACTED]

Dear Mr. [REDACTED]

On February 26, 2009, you had a cardiac catheterization procedure, with stent placement, performed at St. Joseph Medical Center.

I am writing to let you know that a subsequent clinical review of your cardiac catheterization report was different than the original report and may be relevant to your ongoing care and treatment. This information has been sent to Dr. [REDACTED], the primary care physician identified in your medical record at the time of the procedure. If you have changed doctors, please call Donna Smith in the Compliance Department at 410-337-3967 and she will forward the information to your current treating doctor.

I encourage you to contact Dr. [REDACTED] to schedule an appointment to discuss the information.

If you have any questions, please do not hesitate to contact Gerry Goodman, R.N., M.S.N., in the Compliance Department at 410-337-1251.

Sincerely,

Daniel Hardesty, M.D.
Head, Department of Medicine
